## ABOUT ME: SARAH WEBER PHOTOGRAPHY

I'm a happy go lucky wedding, event and family portrait photographer based in Auckland.

My summer weekends are filled with romantic weddings and fun family sessions. Weekdays I'm usually at a corporate event or busy editing. I have been a professional photographer for over 20 years.

I grew up in the 80's with potluck dinners, neon clothing and lived on the beach in Mangawhai. My 90's teen years were spent in Invercargill where undercuts, moleskins and boat shoes were cool! Late 90's I finished off at boarding school in Auckland. Early 2000's I spent in Christchurch living the life of a uni student. Studying Professional Photography and Graphic Design. Fast forward to a few years in London, Scotland, Sweden... and now back Auckland and lots of time spent back in Mangawhai.

My Swedish babe Lars and I have been married for over 20yrs. He is my Chic Geek! He researches all my equipment, charges batteries before each event and is the 'techie make it work' guy! By working from home I am lucky enough to spend more time with my girls. Mia 17yrs and Riley 15yrs. In the afternoons I turn into taxi mom to all their dancing and cheerleading trainings.

Random things to know about me are...  
Love me a good coffee or craft beer.  
I'm obsessed with finding the perfect pieces for my mid century, Kiwiana, retro style home.

So if I sound like your gal... lets catch up over the phone or in person for a drink!

Cheers

*Sarah.*

# THOUGHTS & QUESTIONS

**What is the Markovina discount?** As a preferred photographer, I would like to offer 10% off photography packages to couples getting married at Markovina in 2024. With photography packages at full price for weddings from 1 January -31 December 2025.

**Can we catch up before we book?** Absolutely, lets catch for a drink, hot or cold! It's so much easier to go over all your question in person. If your not based or visiting Auckland, a phone/ video call always works a treat.

**We are not sure how many hours we need?** Let me help, after our chat, I can draft a timeline that may suit one of these packages.

**What if our hours don't suit on of your package?** Absolutely no problem! I like to fit into your day rather you trying to fit into one of my packages. Often I create Bespoke Packages e.g. 6.5hrs / 9hrs etc. This way you know you have no moment wasted.

**Can we add more hours later:** If you get closer to your wedding and you decide you would like more photography coverage, easy!

**Do we need a 2nd Photographer?** Often I photograph solo but here are some reasons why it maybe a great idea. They are there when I'm not. To capture the other Nearlywed getting ready, guests on arrival, reception details and different angles during ceremony. While I am on formal photos they will be capturing guests candids & informal groups -great when you have 100+ guests. During Wedding party & Newlywed creatives they are there to capture more. They depart after creatives and reception I always shoot solo.

**Do you travel for Weddings?** For sure! I am based in Auckland and travel all over New Zealand and overseas. Generally flights and accommodation is covered by my couples. 100km in any direction drive from West Auckland is included in my 6+ hour packages.

**Can we see a Wedding to get a feel of a full delivery?** Sure! Let me know and I would be happy to share an online gallery.

**How do I confirm my booking:** Pop through your \$1200 non refundable retainer & signed contract then I am all yours!

**Do you come to the rehearsal?** If I'm free on the day I can come. It's great to meet your wedding party and family before your day.

**How many images do I get:** Loosely around 100+ images for every hour you book. 4hrs - 400+ image, 8hrs - 800+ images. Majority of your gallery will be in colour with a sprinkle of black & whites.

**Do you offer video:** Yes, I offer Highlight films, a 2-3min video of moments from your day set to licensed music. If you would like coverage of your ceremony and speeches etc with audio, let me know as I have a team of videographers that I work with.
